LMS Integration for Your Company

Make our CEU catalog and courses yours! We will white label our CEU catalog to deliver a simplified, personalized, and engaging corporate learning experience for your employees and clients. We'll include your brand logo and colors. Plus, we can take your company course so that they are fully integrated into the SCORM LMS (Sharable Content Object Reference Model Learning Management System). Everything in one system, register, track progress, save transcripts, invoice, and much more. Scale as you grow and serve more users.

State Training Requirements

Navigating state-specific regulations can be complex. That's why we provide a clear and accessible overview of each state's training and CEU requirements. Don't get lost in a maze of rules! We simplify your search by offering state-by-state guidance on training and CEU needs.

Keep Track. Remain Compliant. Easily Process Renewals On Time

Say goodbye to last-minute renewals! Obsequio, the perfect companion to SecurityCEU.com, automates certificate and license tracking and reporting, keeping your company compliant and stress-free. Stop scrambling, start thriving. Obsequio seamlessly integrates with SecurityCEU.com to streamline your compliance process, freeing you to focus on what matters most – growing your business. Obsequio empowers you to stay legal, track every expiration, and generate comprehensive reports all in one intuitive platform.
